SILVER TECHNOLOGY FABRICS ARE MANUFACTURED TO INHIBIT THE GROWTH OF BACTERIA THAT MAY CAUSE ODORS

- AMY (Antimicrobial Yarns)
- 100% Polyester
- Silver ions are injected inside of the polyester fiber.
- Silver neutralizes the proliferation of bacteria.
- Silver is environmentally friendly since it is a naturally occurring element.
- Tested up to 50 washings and maintains excellent efficacy results — AATCC TEST METHOD 100
- Wash at 120°F-160°F — avoid bleach and fabric softeners. Dry at low heat, take out before fabric is hot.
- This product has antimicrobial properties built in to protect the product. This product does not protect users or others against bacteria, viruses, germs, or other disease organisms.
