

Disposable cubicle curtains

Elevate patient experience with a wide selection of functional and stylish options.

**Infection
prevention
never looked
so good**

Privacy and safety made easy

Help enhance the safety and look of your facility with our easy-to-install disposable cubicle curtains. Our cost-effective systems can be used throughout your building; they're ideal for critical care, isolation and emergency areas where there is an elevated risk of infection.

- Available in a variety of patterns and colors to coordinate with any decor
- Helps reduce the complexity of managing curtain changeouts by reducing SKUs
- Complies with National Fire Protection Association standards for flame propagation (NFPA701)

Use as part
of a hybrid
program

Choose from three curtain styles

Our curtain options let you choose the system that works best for your facility.

Snap Panel

Detachable, modular panels make for easy and efficient changeouts.

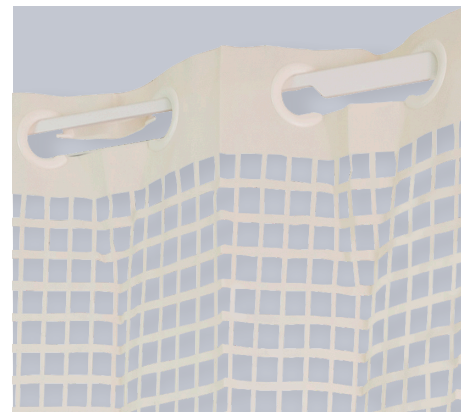

Traditional

Available in regular or economy options, this style often requires no changes to your current training or protocols.

On The Right Track (OTRT)

These curtains slide silently and can be changed in less than two minutes when paired with the OTRT system.
